**Background/Summary:**

**Utility Rates**

Per Council policy adopted December 18, 2017, through Resolution 1725a-17, the 2019 and 2020 revisions to the electric, water, sewer, and stormwater utility base and consumption rates and the water, sewer, and stormwater General Facility Fees (connection fees) shall be based on the change in the United States All Urban Consumers CPI (CPI-U) plus 1%. The October 2018 change in the U.S. CPI-U is 2.5%. With the change in the CPI-U plus 1%, the total increase to the 2019 utility rates is 3.5%.

The revisions also include increasing the electric base and consumption rates for electric utility customers outside the city limits by 5% above the rates for in city limits customers.

**Other Revisions**

Other revisions to the Unified Fee Schedule are new Community Development fees for lot consolidation, PUD Amendment, and PUD Modification; and there are changes to the streets right-of-way fees. There is a new cemetery fee for niche wall burials.
