Snow Removal Reminder

With the recent winter weather, the City of Blaine would like to remind the public that it is the property owner's responsibility to remove snow, ice and other debris from the sidewalk per BMC **12.27.070**. City crews are doing everything they can to remove snow from arterials and to clear curbside catch basins. If residents see areas with sitting water that is not draining, please report those locations to public works for attention. The city also requests the assistance of the public with keeping curbs and gutters clear if at all possible.

“We want to make sure all residents are as safe as possible when traveling our streets and sidewalks this season” public works director Ravyn Whitewolf states. “We appreciate everyone's assistance, as crews are focused on arterials and school bus routes.” The city's snow plow route can be found on the city's website at the following link:

The Public Works Department is responsible for the operation and maintenance of all city utilities (Water, Wastewater, Stormwater, Electrical services) as well as repair and maintenance of streets and public facilities. We also provide support for civic functions and special events and participate regularly in community enhancement projects and activities. For more information, please call 360.332.8820 or visit our website at <http://www.cityofblaine.com/90/Public-Works>
